

Versatile. Durable. Clean & Quiet.

The doors that do it all, with options suit many applications. From low maintenance greaseless guides to windlocked solutions built to withstand harsh weather conditions and prevailing winds.

Roller Shutter Doors

Built locally from enduring quality materials, AceDoors Roller Shutter Doors are made to last and manufactured right here in New Zealand. Whether you need a door built to resist harsh weather or high winds, or a heavy duty door to keep your premises secure, AceDoors Roller Shutter doors are a great solution, both indoors and out.

Maximising the highly versatile properties of our specialised industrial interlocking slat curtains, AceDoors Roller Shutter doors boast broad appeal and reliable functionality for almost industry or application.

- Available up to 6.0m high x 8.0m wide
- Options available for grease-free guide system or heavy duty wind locked system to resist harsh weather conditions.
- Motor operation with an auto-engaging hand chain for emergency use
- Interlocking slats roll formed from locally sourced galvanised steel. This gives the curtains a modular design where only individual slats need to be replaced in the event of accidental damage or impact
- Engineered steel barrels with internal spring assisted counter balance system to ensure lasting & safe operation.

Speciality add-ons can include

- Vented slat options available
- Autologic controller
- Wicket gate
- Galvanised or powder coated finish
- High-cycle and heavy duty barrel options

Key Features

Hard-wearing steel construction built to withstand the elements with the ability to accommodate most opening sizes, AceDoors Roller Shutter doors are equally adaptable and dependable.

Durable - Roller Shutter doors are designed and manufactured in New Zealand with firsthand knowledge of temperamental local conditions, keeping out the elements.

Clean - Our HushShutter grease-free guide option is a great solution where you want to minimise maintenance and potential mess made by traditional greased guide Roller Shutter Doors.

Appealing - Optionally available in a huge range of powder coated finishes, the Roller Shutter door can be customised to complement your building and remain visually appealing for years to come.

Tech Specs - Process Sliding Doors
