

Economical personnel access doors

Cost efficient pressed colour steel panel doors of distinction.

Personnel Doors

The Personnel Door has been developed as a cost efficient access door for steel frame sheds, barns and domestic garages. We have used the latest construction technology to provide a product that will enhance any door opening in your building.

Key Features

- Universal hanging – either L/H or R/H hanging by simply rotating the complete door around
- Attractive flush face door appearance with no ugly perimeter channels or rivet fixings
- High density polyurethane foam core giving a high impact resistant colour steel face
- A solid 3.0mm wall thickness for secure hinge fixing points
- Eliminates all swelling, sticking and painting problems associated with timber doors
- Heavy duty stainless steel hinges and quality
- Guardsman stainless steel locksets are used
- Quality fittings for a quality door
- Low maintenance, no painting required
- Available in any colour steel colour range
- The finished door is completely covered in
- Polystyrene packaging and shrink wrapped eliminating all freight damage
- A PVC protective film is placed on the coloursteel face of the door to avoid any installation damage
- Totally enhances and finishes off any opening in your building
- Quick installation time
